**Subject:** RE: applications?

And re: the supplemental application for CWIS, we didn't request additional information so have no additional information on CWIS. Also, our EPA HQ has requested that we hold off on any conversations related to 316(b) outside the agency until they complete internal discussions on 316(b) applicability to dams. Once I hear from EPA HQ, I'll be able to get back to you on 316(b).

**Subject:** RE: applications?

Thanks, jenny- I'm actually looking for descriptions for each of the intakes. We developed a supplemental application for CWIS (<https://fortress.wa.gov/ecy/publications/documents/ecy070500.pdf>), and figured EPA has a form that asks for the same requirements to meet the CFR.

**Subject:** RE: applications?

I don't have them electronically, but I can scan them. I'm attaching a spreadsheet that has the data from the applications. It's very limited – one point per outfall for almost everything.

**Subject:** applications?

Hey Jenny – do you have electronic versions of the applications that you could send me? It'd be helpful for me to see some of the information provided by the permittees.

Thanks!  
Ellie
